What our clients say

Who's best suited to tell you how useful SmartAnalysis is?

Our clients, of course.

Here's what they have to say.

SmartAnalysis

What our clients say

Turners (Soham) Ltd

Fleet size: 1000+

Turners is one of the largest haulage companies in the UK. The company's enviable reputation for providing professional and innovative supply chain solutions is based on extensive technical and logistics experience in operating a fleet that travels throughout the UK and Europe.

 We have worked with the company since 2007, they provide a good service and have delivered a cost effective solution. 

[John Burbridge](#)
Group Quality and Compliance Manager

NFT

Fleet size: 100+

NFT is a market leader in the provision of time critical, chilled logistics services to food and drink manufacturers and grocery retailers.

 We take compliance very seriously at NFT. We have used SmartAnalysis since 2007 and found it to be the best solution for managing compliance. It is also cost effective for our business. They listened to our needs and were fully prepared to develop new software so that the driver debrief module fitted with our business requirements. 

[David Seaton](#) MIRTE MSOE MIMI
Fleet Engineer

Virginia Logistics

Fleet size: 10+

Virginia International Logistics is based in Ireland, they have been in existence since the 1980s, and has grown to be one of the largest operators in Ireland.

 SmartAnalysis is what it says it is 'Smart'. The system has benefited our company with cost savings across many areas. It produces clear and concise reports that greatly assist in achieving our KPI's, whilst maintaining and improving our compliance. It helps us not only to manage our drivers and fleet better, but also in driver debriefing and training. I can highly recommend this system as a major player and Descartes as a company that go the extra mile to assist their customers at all times.

Transport Operations Manager

SmartAnalysis

What our clients say

GIST

Fleet size: 1000+

FUTURE BUSINESS LOGISTICS

Gist provides innovative bespoke supply chain solutions that deliver cost savings, environmental benefits and competitive advantage. Gist Limited is a supply chain company with a history spanning over 100 years serving a wide range of commercial and industrial sectors.

“ Great system to use and easy to follow. ”

Helen Jarman
Transport Manager

Immingham Transport

Fleet size: <10

Established in 2003, Immingham Transport Limited has developed into one of the largest privately owned transport and warehousing providers in the Humber region, offering transport solutions throughout the whole of the UK.

“ We moved to SmartAnalysis during 2011 from one of their competitors and have never regretted making the change. The reports from SmartAnalysis are very user friendly and that has allowed us to improve driver understanding in different areas. I would have no hesitation in recommending SmartAnalysis to any company wishing to keep on the good side of VOSA. ”

Stewart Dalziel
Director

Shearings Holidays

Fleet size: 100+

SHEARINGS HOLIDAYS

Shearings Holidays is a coach-based leisure company carrying holidaymakers to a variety of destinations throughout the UK and Europe.

“ Processing reports on the company's 450 drivers was taking up to 17 hours to complete under our former system. If we started at 4pm, they would be ready at 9am the next day. The new system is much more user friendly. Processing tachograph information now takes around five minutes with SmartAnalysis. Previously, reports were all on paper and it could take four to eight days before you saw them. ”

Paul Wharmby
Senior Transport Administrator

Redlynch Leisure

Fleet size: <10

Redlynch Leisure is a small family business that has been providing specialised construction services since 1997. This includes the installation of playground and sports equipment, safety surfacing and cleaning. Redlynch operate a small fleet of HGVs to transport heavy and bulky materials and equipment to the construction sites.

“ SmartAnalysis has removed the burden of managing our compliance. Everything works in the background. I know our data is always available and secure if the authorities want to see it. The reports on vehicle unit downloads, driver card downloads and drivers' hours that are emailed to me automatically give me everything I need so I can spend my time on the business. ”

Tina Harrison
Administration Director

SmartAnalysis

What our clients say

ARR Craib

Fleet size: 100+

The company's origins can be traced back to the 1970s in Aberdeen, when George Craib and Aberdeen Road Runners Ltd operated as independent providers of haulage services to the paper and oil & gas industries. The two companies merged in 1983 to form ARR Craib Transport Ltd.

“ SmartAnalysis processes data from ARR Craib's 280 digital and analogue tachographs every week. The implementation of SmartAnalysis was seamless, and the reports have been set up to meet our exact requirements so that we're now working with our drivers using the most recent tachograph information. ”

[John Bain](#)
Finance Director

GB Tachopak

Fleet size: N/A

GB Tachopak provides tachograph compliance services and stationery product supplies to the UK road transport industry.

“ GB Tachopak is proud to recommend SmartAnalysis. Our customers who use SmartAnalysis find the product easy to use, whilst supplying all the information required to ensure their operation remains legal. The product and the backup service are second to none. GB Tachopak supply SmartAnalysis for both digital and analogue customers and will continue to work with Descartes to bring customers the product they need at the best possible price. ”

[Phil Latta](#)
General Manager

PHS Datashred

Fleet size: 100+

PHS Datashred is one of the UK's leading providers of on-site and off-site shredding services for confidential data destruction, helping companies across the UK achieve Data Protection Act compliance.

“ The SmartAnalysis system provides us with a comprehensive solution that allows us to analyse, in full detail, how our drivers are complying with the regulations, and provides us with the tools to act swiftly and decisively should any errors be identified. ”

[Ian Walsh](#) MInstA
Business Sector Transport Manager

Graham Robison Transport

Fleet size: N/A

Founded over 20 years ago, Graham Robison Transport (GRT) is a transport consultancy & training organisation specialising in all aspects of road transport legislation and compliance. They offer end-to-end solutions for any road transport operator in Scotland and North England.

“ We provide our customers with SmartAnalysis simply because it is the best and most easily accessible system on the market. The range of reports available ensure you can find exactly what you are looking for and the staff are a pleasure to deal with, quickly resolving any issues which may arise. We look forward to developing our relationship with the company in the future and continuing to use their excellent product. ”
