

# Ensure your drivers are licenced to drive with SmartLicence and SmartAlerts.

SmartLicence is a comprehensive online tool for managing driving licences and verifying the licence details with the DVLA. Get automatic **email** or **text** alerts to any issues that may need immediate attention following a licence verification with the DVLA with the SmartAlerts feature.

smartalerts™ 

- Any Licence Audit**  
When any licence check takes place
- Licence Audits with validity issue**  
When a check indicates that a licence or category has expired or will expire within a predefined period
- Licence Audits with changes**  
When a check results in differences to the previous check
- Licence Audit Due**  
When the due date for a licence check has passed or approaches the advance notice period of an audit
- Failed Licence Audit**  
When a licence check fails
- Change to Endorsement Points**  
When a check results in differences to the number of endorsement points
- Mandate Expiry**  
When a mandate (authority to check the licence with the DVLA) has expired or will expire within a predefined period
- Licence Expiry**  
When a driving licence has expired or approaches expiry within a predefined period
- PCV Category Expiry**  
When a driving licence with a full PCV category has expired or approaches expiry within a predefined period
- HGV Category Expiry**  
When a driving licence with a full HGV category has expired or approaches expiry within a predefined period
